

## Take Hood's Sarsaparilla

To purify, vitalize and enrich your blood, create an appetite and give you strength. Liquid or tablets, 100 doses One Dollar.

## EASY MATCH FOR THE Y. M. C.

Defeated the All Stars of Burlington, 37 to 12.

## BEING MUCH SUPERIOR

Sheriffs and Rust Played the Best Game for the Home Team and Trask and Crane for the All Stars.

The Young Men's club basketball team outdid themselves last evening when they defeated the All Stars of Burlington by the score of 37 to 12. Although the game was one-sided, it was interesting, for the passing of both teams was superb. The home team, however, was vastly better at this department of the game than were the visitors. For the home team the best playing was by Sheriffs and Rust. For the visitors Trask and Crane did the best work. The Y. M. C. team improves with every game they play. They played a better game last evening than they did against the Crescent Five, and their game with that team was the best seen in there for a long time. The team was strengthened last evening by Andreani at center, thereby giving Rust a chance to play guard, at which position he is one of the best men in the state. The passing of Sheriffs and Rust was a wonderful feature of the game.

Captain Holcomb of Burlington high school team threw the ball up between Andreani and Crane at just 8:20. Rust and Sheriffs took the ball down the floor and Rust tossed up a basket the first thing. He did the same thing in about a minute and then Sheriffs of the Burlington team scored two points for his team. Sheriffs was the next man to score, followed by Knapp and Rust. In a few moments Rust had the pigskin through the net again, thus rounding out four baskets in this period. Andreani and Knapp each shot a basket during the next two minutes of play. During this period Crane, captain of the visiting team, secured one point on a basket from the foul line. The period closed with the score 16 to 3 in favor of the Y. M. C.

The second period opened with a basket by Rust, one by Sheriffs and another by Rust. Rust then secured a basket from the foul line, as did also Captain Crane of the All Stars. Andreani got the next chance at the basket and dropped in a pretty one. Knapp got the last score of the period for the Y. M. C. and Crane scored two more points from the foul line. The period ended with the score 26 to 6 in favor of the Y. M. C.

In the third period Andreani started off with a basket from the floor and also one from the foul line, followed by Rust with one from the floor. Burlington then got into the game and Crane, Trask and Lora each secured a basket before the scoring ended. Rust shot the next two, followed by Sheriffs with the last score of the game. The game ended with the score 37 to 12 in favor of the Young Men's club.

## CANDLE PIN LEAGUE OPENS.

Reliance Beats Peerless and Nonpareils the Invincibles.

The candle pin league opened last evening at Alexander's alley with a double-header match. The Reliance team took two strings from the Invincibles, although in order to do it they had to roll off a tie on the first string. In the match between the Nonpareils and the Invincibles, Alexander and Oliver were tied for single string honors, each having a string of 95. Alexander had high three string total of 261. In the other game Nute had high single of 95 and Burnham had high three string total of 243.

The scores:

	RELIANCE	PEERLESS
Trask	85	85
Smith	94	79
Douglas	74	68
Taylor	77	83
Austin	68	73
Totals	391	290

## NONPAREILS

Williams	74	73
Garity	65	77
Nute	79	93
Whelan	77	68
Burnham	79	83
Totals	374	401

## INVINCIBLES

Black	93	82
Boyes	69	78
Ward	77	69
Oliver	80	60
Brown	79	61
Totals	398	350

## INVINCIBLES

Black	93	82
Boyes	69	78
Ward	77	69
Oliver	80	60
Brown	79	61
Totals	398	350

## FINAL RATE BILL DEBATE

An Hour and a Half of Thucner From Bourke Cockran.

## VOTE TAKEN ON BILL.

Tammany Orator Says He Thinks Railroad Interests Consider Themselves Above the Law—Argument in Favor of Bill by Mann.

Washington, D. C., Feb. 8.—The railroad rate bill was taken up at 11 o'clock in the House yesterday, and the last day of general debate was begun. The programme included speeches by Bourke Cockran of New York, Mr. Mann of Illinois, Mr. William of Mississippi and Mr. Hepburn of Iowa.

A short speech in favor of the bill by Mr. Rankin of Alabama preceded Mr. Cockran, who was limited to an hour and a quarter. Mr. Cockran announced his position in favor of the bill. While he did not consider it a panacea for all evils, it was a most wholesome manifestation of a unanimous public determination to deal with the rate evil. It was the only means by which public ownership could be stopped and checked, the most plausible argument of the Socialists.

Mr. Cockran gave simply analyses of favoritism and discrimination. Favoritism was always granted corruptly. "Sir," he continued, "the history of railroad management in this country is the history of favoritism, of corruption and of fraud. In spite of this, he would say the railroad had not rendered enormous service, but they had not been as efficient as they should have been."

He next declared that railway influences predominated in both political parties, and that the representatives of wealth ignored the courts and dominated state administrations. The very court which had dropped the proceedings against H. H. Rogers had the next day issued a most vigorous injunction against striking printers.

He reviewed the Northern Securities decision, which, he said, declared criminals and conspirators those responsible for that combination. Harriman and Morgan, he said, quailed before the control of several railroads in the Northwest, which threatened to interfere with their plunder. The president directed an action against them. The court declared a conspiracy.

"What was the result?" he asked. "It was to reduce the control of those properties from two to one. When they came to dislodge the trusts, Harriman had been eliminated. Morgan was supreme. A more perfect conspiracy was perfected through the decision of the court itself. And the stock, which was selling at \$100 to \$105 when the decision was pending, sold for \$100 after it was announced, thus enriching the conspirators, who walked out of the court just \$240,000 richer for having been convicted."

The fact that no criminal proceedings had been begun was dwelt on, and the jail sentence of Debs and the conviction of two senators for "mere indiscretions" contrasted.

Compliments were paid to Rockefeller, "at once the richest and most despised of our whole population."

The most effective feature of the bill, he maintained, was the popular disposition back of it, the next was its publicity feature.

Universal applause greeted Mr. Cockran's conclusion, and after the informal congratulatory reception to him had concluded, Mr. Mann of Illinois took the floor.

## PATTERSON SCORES PARTY.

Denounces the Arbitrary Methods of the Democrats.

Washington, Feb. 8.—Senator Patterson of Colorado in speaking to the Senate yesterday on his resolution in opposition to the democratic caucus action on the Democratic bill, declared the argument that it was the duty of a senator to be bound by the action of a majority of the members of his party in the Senate, brought the Senate down to the level of an ordinary political caucus. It stripped from every senator concerned his independence. He deemed it possible that it was due to the arbitrary methods

## BUILD ON ROCK

Take Warning from the Man of Old.

See That Your Foundation Is Right.

We are all of us familiar with the parable of the man who built upon the sand. No one now-days would think of putting up a house or a factory on anything but a solid foundation. Some of the "sky-scrapers" of New York City are set on foundations of from thirty to fifty feet below the street.

It is as important to build your health upon a solid foundation as anything else. Let us happiness and is the highest gift to mankind. Nature intended that we should all enjoy the full fruits of health, but our surroundings are sometimes such as to mar this ecstatic condition.

Those who are under baneful influences have to help Nature along. Don't make the mistake of taking medicines that are full of alcohol and narcotics. If you do, you are building upon sand.

If your constitution is weakened, if your lungs are not strong, if your blood is thin, if you are subject to colds, take Mages's (Malt) Emulsion. It will build you up and make you strong. It contains no alcohol. Nothing but pure cod liver oil, yarrow, diastase, non-alcoholic malt and hyposulphites enter into its composition. Cod liver oil and malt (non-alcoholic) are the greatest builders known to medical science, and if you take Mages's (Malt) Emulsion, you are wisely building on rock. It contains no whiskey, no wine—it is just food; it is a builder, not a destroyer. It may be procured of E. A. Drowe, Druggist, 45 North Main street, Barre, Vt.

## HYOMEI CURES CATARRH

Its Healing Balsams Kill All Catarrhal Germs—Sold Under Guarantee by Rickert & Wells.

There is no more common disease than catarrh, and none that is more dangerous. It weakens and debilitates the whole system, if it is allowed to run, leads to serious and sometimes fatal complications.

It is a note-worthy fact that among the many medicines and treatments for catarrh, there is only one which Rickert & Wells sell under their positive guarantee to refund the money if it does not cure—Hyomei, Nature's remedy for the cure of catarrh.

No dangerous drugs are taken into the stomach when Hyomei is used. Breathed through the small pocket inhaler that comes with every Hyomei outfit, its healing balsams penetrate to the most remote cells of the throat, nose and lungs, killing the germs of catarrh, healing the irritated mucous membrane and making complete and lasting cures.

The complete Hyomei outfit, consisting of an inhaler that can be carried in the purse or vest pocket, a medicine dropper and a bottle of Hyomei, costs only \$1. The inhaler will last a lifetime, while extra bottles of Hyomei can be procured, whenever needed, for only 50 cents.

Rickert & Wells are selling a good many Hyomei outfits at this season, and they have so much confidence in the remedy that they guarantee to refund the money in case it does not cure.

of conducting the Democratic party, contrasted with the Republican, that the Democrats were banished from control in national politics.

Senator Patterson's address was listened to by a crowded Senate and a great audience in the galleries. In opening, he explained this exact relations with the president, showing that since a certain interview some time ago, they have not been close. He said that he made this explanation because it was not a pleasant thing to have imputed to the president purchase of votes by patronage or to have it imputed to a senator that he had been bought.

## HEAVY HAULS IN MAIL.

Steel Safes, Billiard Tables and the Like Transmitted Free.

Washington, Feb. 8.—Steel safes, billiard tables, desks, bookcases, and lounges are among the weighty articles now being sent through the mails on the "government free" envelopes. This is the astonishing statement made to the House committee on postoffice and post roads by third Assistant Postmaster-General Malden.

Mr. Malden declared this indiscriminate use of the mails to be the chief cause of the postal deficit. Treasury Department officials are the worst offenders, but the practice is common with all the departments. From the treasury, furniture, carpets and fixtures are sent free through the mails to furnish the public buildings of the country, and the personal effects of officials frequently go along. These abuses are additional to the franking abuses of congressmen.

## TO REMOVE DUTY ON HIDES.

Bill Was Introduced in the House by Mr. McNary.

Washington, Feb. 8.—Representative McNary yesterday introduced a bill providing new tariff schedules for shoe and leather goods, and removing the duties on hides and leather. He will press the bill for a hearing before the ways and means committee.

Representative Littlefield's bill to suspend the interstate rights now claimed by shippers of whiskey and kindred liquors in unbroken packages from one state to another, will be brought up for hearing by the House judiciary committee on the 21st. The general interest in the Hepburn-Dolliver bill insures a large attendance.

## ROOSEVELT AS ART CRITIC.

President Inspects Senator Clark's Collection of Paintings.

Washington, Feb. 8.—President Roosevelt and Senator Clark of Montana walked from the White House to the Corcoran Art gallery yesterday to examine a fine collection of paintings lent the gallery by the millionaire senator. The works of art number about sixty and include productions by noted masters. The president admired the collection greatly.

## ADMIRAL DEFENDS HAZING.

Says President's View of the Question Is Correct.

London, Feb. 8.—A well known British admiral, interviewed concerning President Roosevelt's letter on the subject of hazing at Annapolis, said yesterday: "The President, in my mind, is dead right. You can't bring up good sailors on puny hazing. Hazing, as we understand it, hardens a youth rather than hurting him."

"Every schoolboy in England has got to go through the mill of his fellows' discipline, and the navy is a bit sharper than the average public school in rounding off rough corners."

"It may be that in America hazing, like American football, is somewhat strenuous, but I don't think the tone of their excellent service is likely to suffer from this."

## GETS NEW REPRIEVE.

Governor Aids Mrs. Tolla, the Hackensack Murderess.

Trenton, N. J., Feb. 8.—Gov. Stokes yesterday granted Mrs. Antoinette Tolla, the Hackensack murderess, a further reprieve of 60 days in order to allow her counsel to present further evidence for a new trial.

## SUNLIGHT SETS ROOM AFIRE.

Rays, Falling Through Magnifying Glass, Start a \$400 Blaze.

New York, Feb. 8.—Sunlight shining through a magnifying glass paper weight set fire to some papers in the office of John Westell, tax commissioner, at the City Hall in Jersey City about noon yesterday.

The fire spread quickly, and the room was soon enveloped in flames. Clerks from the adjoining offices, finding they could not subdue the blaze, turned in an alarm and the firemen had some difficulty in getting the flames. They were finally extinguished, after \$400 damage had been done.

## EXPELS DR. McLEOD.

Medical Society's Action for "Unprofessional Conduct."

Boston, Feb. 8.—The councillors of the Massachusetts Medical society met yesterday at the rooms of the Boston Medical society, and received the verdict of the trial board in the recent hearing granted Dr. Percy D. McLeod on charges of unprofessional conduct growing out of the dress suit case tragedy. The verdict, as read by Dr. Goos, was that of guilty, and the penalty expulsion.

Under the rules of the society, Dr. McLeod has until the annual meeting of the society in June to enter an appeal, when he is entitled to a further hearing. If he does not appeal by that time the decree goes into effect.

Last week Dr. McLeod declared he did not intend to enter an appeal, so that yesterday's action practically closes the case.

## W. J. CLOTHIER BREAKS LEG.

Gardener Drops Dead While Assembling Him Uprights.

Philadelphia, Feb. 8.—William J. Clothier, the well known tennis, hook and foot ball player, was thrown from his horse while riding cross country near Llanerch, Delaware county, yesterday, sustaining injuries which necessitated his removal to "Ballytour," the country seat of his father, Isaac H. Clothier, near Wynnewood.

Mr. Clothier's injuries consisted of a fractured leg. The injury, the surgeon says, will not prove permanent.

Jeffrey Powers, the head gardener, dropped dead from heart failure, after assisting Mr. Clothier to his room.

The accident will cause the postponement of Mr. Clothier's wedding to Miss Anita Porter, set for the twenty-first of this month, at the First Presbyterian church, Twenty-first and Walnut streets.

## Vesuvius Still Active.

Naples, Feb. 8.—Mount Vesuvius' volcanic activity continues. Streams of lava have invaded the railroad track at three points, and it is threatened at a fourth point. The station of the Punic railway is also threatened, and that line of transit has been stopped for the present. No danger is apprehended for the Vesuvian region at present.

## \$500 for Mark Casto.

Atlantic City, Feb. 8.—Capt. Mark Casto, who, with his crew of six men, rescued fifty-two persons from the steamer Cherokee, last night received a check for \$500 from the Clyde Line Steamship company, the owners of the vessel, as a recognition of his courage.

## NORTHFIELD.

Principal Duane L. Robinson of the Northfield high school has been confined to the house for the last three days with a severe cold.

Mr. and Mrs. C. S. Richmond left last night on the New England States Limited for a two months' visit with their son, Harold, in St. Louis, Mo.

W. T. Furness of Boston was business visitor in town yesterday.

A fish chowder supper was served at Howe's hall last night by the ladies of the Congregational society.

Miss Eva Houston, who has been assisting in the millinery store of Miss Minnie Smith, is ill at her home with a severe cold.

Miss Alice Doyle is working in the office of the Northfield telephone exchange learning to operate the board.

Barry Barry, who has been employed at E. B. Ellis & Co., has gone to Bethel and entered the employ of the Woodbury Granite Co.

Mrs. Gilson Loveland, who has been in very poor health for the past two months, is much improved.

The adjourned village meeting will take place tomorrow night when the acceptance of the proposition of the village to Moody and Almon, will be made by them. At this time the question of disposing of the present electric property owned by the village will be taken up.

Oscar Preston was taken to the Mary Fletcher hospital in Burlington to have an operation performed for a bone cancer.

Gen. T. S. Peck has presented Norwich university with 19 bound volumes of the Army and Navy Journal and a full set of Waverly Novels.

The adjourned meeting of the stockholders of the Northfield Telephone Co. will take place on Saturday night at the office of C. D. Edgerton in the Depot Building.

Dr. J. H. Judkins was confined to the house with a severe cold the first of the week.

Mary Huntley of East Montpelier spent several days visiting friends in town this week.

The young people of the Universalist church gave an entertainment and social at the home of Mrs. Walter Dole on Washington street last night.

Fred Davis, of the first of Davis Brothers in West Berlin has been laid up with a severe attack of rheumatism for the last ten days.

Mrs. Alonzo Hitchcock, wife of the late Rev. Alonzo Hitchcock, formerly of this town but now of Plainfield, is seriously ill at her home.

## "THANK YOU," SAY SMOKERS.

All Who Love a Cigar Appreciate C. B. Kendrick's Introduction of Chicos.

It is reported that the smokers in Barre are going to present a testimonial to C. B. Kendrick for assuming the agency of "Washworth Bros." Chicos, a high grade Havana allied cigar that sells for a nickel.

Mr. Kendrick says they are perfectly satisfied though, with the appreciative "thank you" he has had from lovers of a good cigar to whom they have recommended the Chicos. It is one of the best smokers in their show case, and sells at a price so low that any one can afford to smoke it.

The price, however, is not the reason why our leading lawyers, bankers, and business men call for the Chicos. They buy it and smoke it because it is a good cigar. Try one yourself and join the Chicos Club.

## POLYGAMY GAINING

Prof. Wolfe at Smoot Inquiry Says Practice Has Increased

## SINCE UTAH BECAME STATE

Details Oath of Vengeance—Declares Mormons Swear to Avenge the Blood of Prophet Smith on This Nation.

Washington, Feb. 8.—Hearings in the case of Senator Reed Smoot, whose right to a seat in the Senate is in dispute, were resumed yesterday before the committee on privileges and elections. The investigation has already continued through two sessions of Congress, and yesterday marked the beginning of meetings which the committee is likely to hold intermittently throughout the present session.

The first witness was Prof. Walter M. Wolfe, formerly teacher of geology in Brigham Young college at Logan, Utah, and an apostate of the church. John G. Carlisle of New York conducted the prosecution, and A. S. Worthington of this city defended the senator.

Prof. Wolfe's evidence proved very interesting and he declared that "to the best of my knowledge, polygamous cohabitation has decreased very materially since Utah was admitted as a state."

"Twelve" answered the witness when asked how many times he had been through the "seclusion house" or "temple." He explained that the real "seclusion house" had been torn down many years ago.

"Did you take any obligations or oaths when you went through?" asked Mr. Carlisle.

"Every time," replied the witness. Asked to detail them he said he had been sworn to chastity, sacrifice and vengeance.

"What do you mean by vengeance?" asked Mr. Carlisle. "Do you mean there was a promise of pledge given to avenge something?"

The witness then said that this oath had been taken:

"You, and each of you, do covenant to pray, and never to cease to pray, to God, to avenge the blood of the prophet on this nation." This oath, which refers to the killing of Joseph Smith in Illinois in the early part of last century, was taken standing, and at the conclusion each one taking it was required to bow his head and say:

"I do."

Prof. Wolfe said that in southern Utah and New Mexico polygamy was defended with some freedom, and quoted Apostle John Henry Smith as having said concerning the manifesto forbidding it:

"It is a trick to beat the devil at his own game."

The witness also quoted John Wilson of Logan, a prominent Mormon, as saying:

"The manifesto enables the church to exclude men who ought not to have more than one wife, and gives to worthy men an opportunity to take plural wives."

Both of these statements, the witness declared, had been made in his church.

## TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.
